Al- Mutawaa Trading Company was established in 1975; now the company turned up to be one of Oman's leading providers of engineering products, building materials, sanitary ware, mixers and sinks, finishing products and swimming pools as well.

Al-Mutawaa Co. Offers products and services to its clients through its 1800 sqm showroom which is strategically located in a key area serving as a one stop shop catering mainly for electromechanical contracting companies, construction companies, governmental projects, hotels, industries, hospitals and to private sector as well.

Since introduction, Al-Mutawaa Co. biggest priority and effort was to serve the customers interest with sourcing and supplying good products, proper installation and reliable services.

For the past three decades; customers large and small have relied on Al-Mutawaa Co. for exceptional quality products, high performing systems, and unparalleled expertise.

Al-Mutawaa Co. invests heavily into its human resources. Over the years it had developed an outstanding team of over 100 employees; specialized in different areas mainly engineering. This team is well trained, professional and knowledgeable and is able to offer outstanding and creative service solutions to the company's customers.
