Al-Mutawah

Trading Policy

Since Al-Mutawah was established in 1976, its trading policy has always been to source and sell reputable construction industry products which will bring benefit to its clients and provide all related services in an efficient manner.

To enable it to fulfil this aim, Al-Mutawah senior management travel the world making relationships with industry leaders. To date this activity has resulted in the establishment of an agencies portfolio of 80 principals based in Europe, North America, Far East and the Middle East and which continues to grow as per market requirements.

PROFESSIONALISM and ACHIEVEMENT are the words which guide Al-Mutawah staff in their daily activities. From

Managing Director downwards it is a matter of pride that at all times every employee is striving to implement Al-Mutawah's slogan 'WE DO OUR BEST TO HELP' in a manner which is truly beneficial to clients and principals.

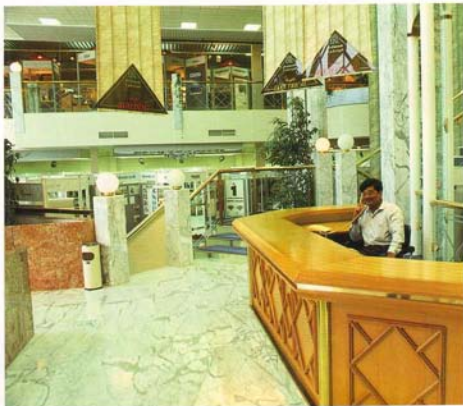

The Company is constantly in touch with its principals relaying market advice to ensure that clients receive what they need, when they want it.

Al-Mutawah will continue to maintain its original trading policy and we thank our clients for their support.

Yours Sincerely,

SUHAIL SHARABATI
Managing Director

Showroom

The 1,800 sqm. floor space showroom located in Al-Mutawah's H.Q. building is considered to be the most impressive building materials showroom in the Middle East, today. It consists of a ground floor and mezzanine floor, on which individual de-mountable display units are placed.

A range of audio-visual demonstration equipment is incorporated in the showroom, which can also be utilised for seminars and other types of special sales promotional activities.

LOCATION

Al-Mutawah H.Q. building is situated on the Seeb Airport-Muscat highway (Sultan Qaboos street) and can be reached from the airport by car in approx. 5 minutes. The Muscat-Intercontinental and Holiday Inn Hotels are conveniently close by.

There are road links with Al Ain/Abu Dhabi/Dubai in the United Arab Emirates.

Warehouse

FACILITIES

Located towards the rear of its H.Q. building is Al-Mutawah's 10,000 sqm. storage/distribution area, which incorporates a modern design 4,000 sqm. aluminium clad and concrete base warehouse having a Link 51 (U.K.) shelf storage system.

Telephone extensions from H.Q. office are installed in the warehouse supervisor's office.

A concrete block boundary wall surrounds the area. Due to staff housing also being located within the boundary area, security is considered to be satisfactory.

Installation Services

As part of its overall projects services capability, Al-Mutawah offers all clients a supply and installation facility for its range of roofings, suspended ceilings, floor and wall coverings.

An experienced staff of operatives provides a fast, quality installation service for small medium and large scale jobs at reasonable cost.

The company has maintained a high reputation for its installation work, of which many examples can be seen throughout Oman.
